SERIES LINEa3

THE NEW GENERATION
OF FARAONE CANOPIES
WITH SUPERIOR
PERFORMANCE

- Minimalist design
- Ease of installation / light-weight extrusion
- Increased glass projection
- High load resistance
- Anti pull-out safety system
- LED lighting options

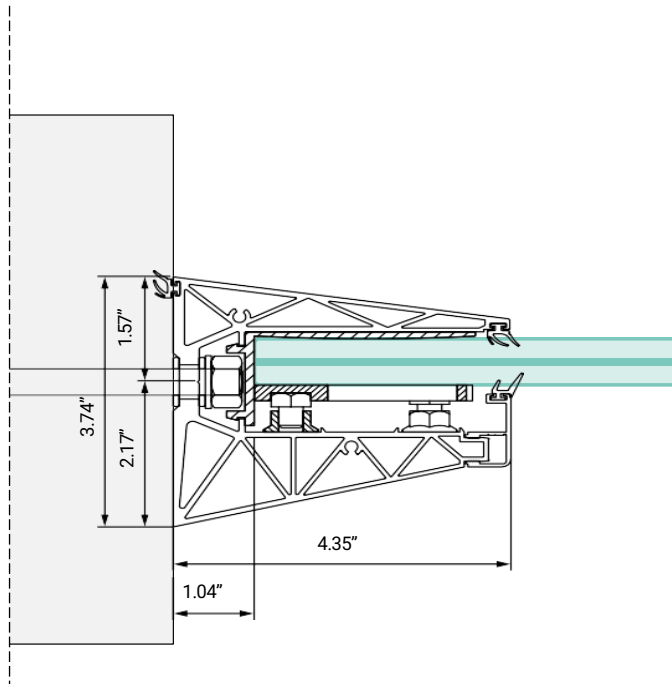

THE MODELS

Two unique profiles depending on glass projection

SERIES
LINEa3

The goal for the Series 3 Linea Canopy System was to design a high-performance product while substantially reducing the amount of material used.

For the study of the new profiles, we used range of powerful and intuitive software to optimize the structural design. The net result is a light-weight, new geometry with superior performance.

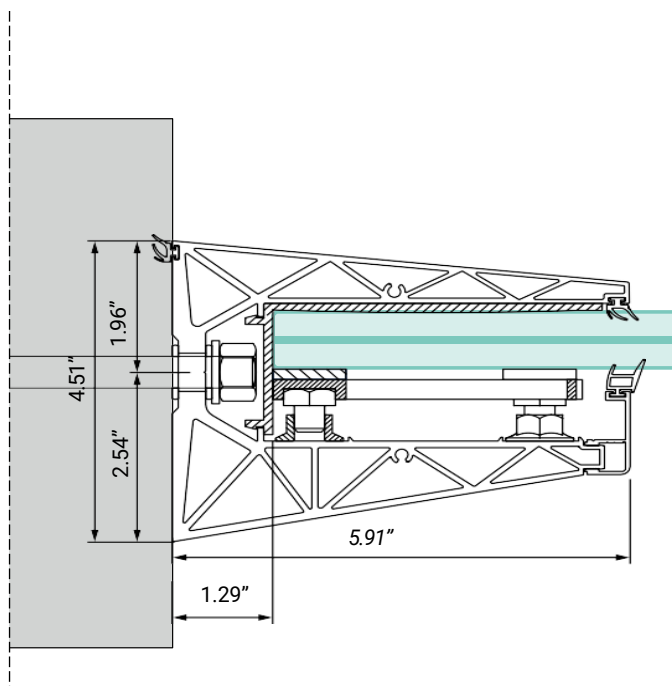

LINEa
MINI

Maximum Glass Projection: 47 1/8"

Load capacity
204 lbs / sq. ft.

LINEa
MAXI

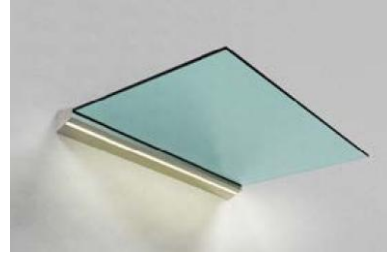

Maximum Glass Projection: 66 7/8"

Load capacity
204 lbs / sq. ft.

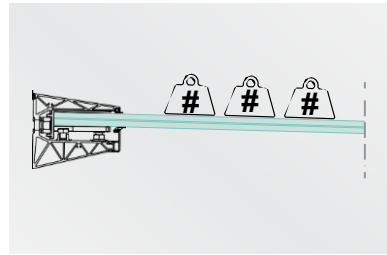

1 NEW MINIMALISTIC DESIGN

New Linea Mini and Linea Maxi profiles with an elegant, minimalist design. Customization of profile and glass possible.

2 ASTONISHING PERFORMANCE

Resistance up to 204.82 lb / sq.ft.

3 NEW ANTI-PULL-OUT SAFETY SYSTEM

The new, tried & tested anti-pull-out system is innovative. No notches or holes in the glass.

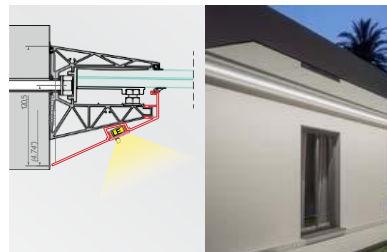

4 INCREASED GLASS PROJECTION GREATER COVERAGE

Glass pane up to 47 1/8" for the Linea Mini model and up to 66 7/8" for the Linea Maxi model.

5 NEW LIGHTING EFFECTS WITH EXTERNAL LED LIGHTING

New cladding designed to accommodate the LED independently. The two models are also available in a version with LED holder cladding.
